Portfolio: <https://nugrahaadiporto.vercel.app/web-dev>

A high-achieving Computer Science Education graduate (GPA 3.88/4.00) from Indonesia University of Education with practical experience in full-stack development. Proven ability to build and deploy web applications using Next.js, as demonstrated through a Learning Management System prototype. Combines strong programming and algorithm skills with a keen eye for design and usability, supported by experience in UI/UX principles and design tools like Figma. Eager to contribute to building scalable, user-friendly, and impactful web solutions.

TECHNICAL SKILLS

- Frameworks & Development : React, NextJS, Supabase, Laravel
- Core Concepts : Algorithms & Programming , UI/UX Principles , Edutech
- Design & Prototyping : Figma , Adobe Illustrator , Adobe Photoshop , Canva
- Professional : Project Management , Problem-solving , Teamwork & Collaboration

WEB DEVELOPMENT & TECHNICAL PROJECTS

LEARNING MANAGEMENT SYSTEM PROTOTYPE

- Developed and built a functional LMS prototype using Next.js.
- Engineered the system to embed videos, quizzes, and interactive games to support learning.
- Tested the application's functionality and flow for classroom learning improvement.
- Link: <https://kitchen-code.vercel.app/>

EDUGAME KITCHEN CODE

- Developed a game-based learning application using Unity to teach programming basics.
- Successfully tested the media in a class experiment to validate learning outcomes.
